SUNWAY College students have continued their fine record of being top achievers.

Out of 80 students who recently completed the London Guildhall University Bachelor of Science (Hons) in Computing & Information Systems programme offered by the college's School of Information Technology and Multimedia (SITM), five graduated with first class honours while 22 others received second class upper qualifications.

A special awards ceremony was held in recognition of the high achievers at the college recently.

Three first class honours and eight second class upper graduates received their awards from Nigel Bannister, director of NCC Education Services, UK.

The award recipients were first class honours graduates Karn Hing Soon, Su Lee Na and Goh Win Nee; and second class upper graduates Su Mee Shell, Kho Hui Lien, Kng Su Ling, Nigel Lee Keat Onn, Saleena V.E.O. Abdul, Yeoh Ee Leen, Kng Sze Long.

The school's director Kanendran P. Arulrajah said: "The students' success is a credit to the school and its lecturing staff."

Also present at the ceremony were Chris Higgins, business manager of NCC Education Services, UK; Elizabeth Lee, principal of Sunway College; Shantha P. Menon, SITM Head of Professional Development and the school's lecturer Pranit Anand.

Sunway College, a Multimedia Super Corridor status institution, prides itself in being a major provider of knowledge workers for the MSC and the IT industry through industry-driven courses.

The college is one of the test centres for Microsoft Office User Specialist (MOUS).

It also conducts other prominent IT courses such as Multimedia, Java Scripts & Programming, PC Engineering and many more.

Under its Skill Training programmes, popular courses such as Microsoft Certified Systems Engineer (MCSE) and Microsoft Certified Professional (MCP) courses are introduced.

With industry partners, which include Sun Microsystems, Microsoft Press, UBS Sdn Bhd, Donovan Sdn Bhd, FACT Sdn Bhd, Mimos, Oracle, Intrnecess Communication Sdn Bhd and RQ Net Sdn Bhd, the school is able to conduct specialised industry-driven IT courses, both full-time and part-time.

As an Authorised Java Centre for Sun Microsystems Inc's Value-added Instructional Programme, Sunway College also conducts Java courses such as Web publishing with Hypertext Mark-up Language (HTML), Java Script, Java applets and Java programming.

The college conducts MCSE and MCD courses for Windows 2000. The MOUS and MCSE subjects were incorporated into the college's curriculum in July 2001.

Sunway's joint effort with IEC will offer high-end training courses such as e-commerce, MCSE, MCD and others.

For degree level IT-related programmes, Sunway partners itself with the National Computing Centre (NCC) and London Guildhall University, UK.

This special degree route programme leads to a BSc (Hons) in Computing & Information Systems awarded by the London Guildhall University, UK.
