

# Sunway opens the route to a Monash degree

By R.V. VEERA

**M**ONASH University of Melbourne Australia, offers a foundation year called the Monash University Foundation Year (MUFY). In this country, the MUFY programme is taught at Sunway College on behalf of Monash University.

MUFY students are guaranteed a place in the undergraduate course of their choice at any campus of Monash University, provided entry requirements are met. Or, these students can seek admission to undergraduate courses at other Australian Universities.

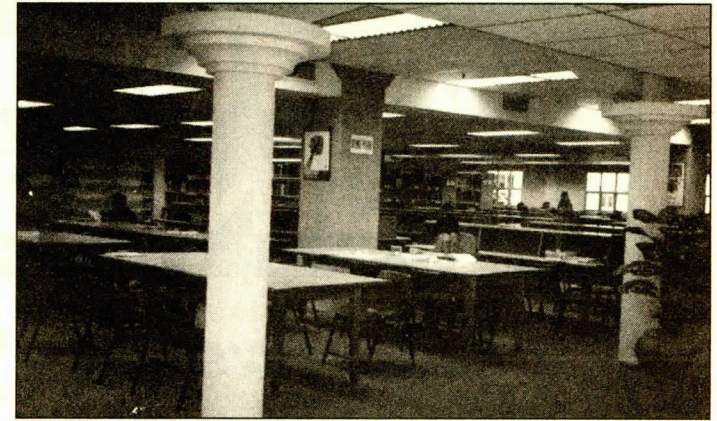

Sunway College is the only College in Malaysia designated by Monash University to

offer the one-year MUFY programme.

The curriculum is approved and monitored by the parent university and is equivalent to the Australian Year 12. Subjects offered in the MUFY programme are: English, Mathematics A, Mathematics B, Chemistry, Physics, Biology, Accounting, Economics and Computer Science. MUFY students are assessed both on coursework and final examination results. The final examination constitutes 50 per cent to 60 per cent of the final results depending on the subject.

Enrolment is three times a year, in February, April and September providing timely links between the completion of studies at Sunway and the commencement of university studies at Australian universities.

After an initial enrolment of 23 students, MUFY currently has more than 230. Monash University Malaysia also offers a Special Entrance Scholarship to the top MUFY student. The Scholarship covers 100 per cent of the tuition fees for a single degree programme undertaken at the University's branch campus in Malaysia.

In addition to Malaysia, the MUFY programme is also available in Sydney, Melbourne, Perth and Vietnam.

Besides the Monash University Foundation Year, Sunway College also offers other Pre-University programmes.
