Sunway student grabs World Prize again

By Jasbir Singh

Students of the Association of Chartered Certified Accountants programme at the Sunway College are in the news again. The programme has produced another World Prize winner — a student who scored the best results worldwide.

Yee Mei Hui scored 93 marks to win the World Prize for the ACCA Paper 1 on Accounting Framework, beating other students from around the world.

Two other students of the programme also came close to the results obtained by Yee. Tamarai S. Muthusamy scored 92 marks while her coursemate Hiew Pau Yee scored 90 marks for the same paper.

Sunway College students Yee Chee Keong and Janice Chin also received the World Prizes for the best results for the Organisational Framework Paper 4 in ACCA’s December 1997 and June 1996 examinations respectively.

Two other students, Joachim Ang and Cheah Sek Hon, received the Malaysian Prizes for the June 1998 examinations.

Ang was the Malaysian Prize winner for the Organisational Framework Paper 4 while Cheah won the same prize for the Management and Strategy Paper 12.

Their coursemates Chang Shew Leng was also recognised as the best Malaysian candidate for the Management Information Paper 3.

She was fourth worldwide.

In short, students of the course have proven the quality of teaching at the college.

The results, whose passing percentages are way above the world average, speak for themselves.

At the Foundation Stage, Paper 1 on Accounting Framework, Sunway College had a pass rate of 85 per cent compared to the world average of 51 per cent.

Similarly, the pass rate for Paper 2 on Legal Framework at 55 per cent was also higher than the world average of 39 per cent. The pass rate for Paper 3 on Management Information was 20 per cent higher than the world average of 43 per cent.

Sunway College students also outperformed others at the final professional stage of the programme.

The pass rate for the Management Strategy paper was 61 per cent against the world average of 51 per cent; for Financial Reporting Environment, it was 67 per cent compared to the world average of 52 per cent and for the Financial Strategy paper, the pass rate was 64 per cent against the world average of 39 per cent.

The college also offers the Certified Accounting Technician course from ACCA, which has been designed to produce support staff for accountants.

Graduates will also get exemptions from certain papers offered by the ACCA to study further until they complete their ACCA course.
