FOUNDATION IN SCIENCE & TECHNOLOGY

JPT/BPP(K) (N/010/3/0270/FA4687) 08/19

The Foundation In Science & Technology (FIST) programme has been an amazing programme that has completely exceeded my expectations of what a foundation would be. The lecturers are very interactive and have helped me greatly throughout my development journey, not only as a student but as a well-rounded individual determined to make a positive impact on the world. This programme offers many opportunities for future degrees in the fields of IT & Science, and has helped me become the person I am today.
