Excellent pre-university education

By Jason Gerald

SUNWAY College provides the best there is in pre-university education in the country with three pre-university programmes namely Cambridge Board’s GCE 'A' Levels, Ontario Ministry of Education’s Canadian Matriculation and the Secondary Education Authority’s Australian Matriculation.

The GCE 'A' Levels, is one of the most widely recognised pre-university qualifications available in the country, the 18-month and 15-month programmes starting in January and March annually enable students to complete the course by June the following year and thus allowing them to enrol in the next university intake without any delay.

To date, Sunway has a proven track record with more than 5,000 students having enrolled in its GCE 'A' Levels programme since its introduction in 1989.

Teachers, in this programme are also specially brought in to assist students by providing indept counselling and special intensive Revision Courses.

As for students who wish to pursue higher education in Australia, the Australian Matriculation programme, a one-year programme that provides courses identical to those offered in Ontario secondary schools.

Staffed with more than 80 per cent Ontario qualified teachers, this programme undertakes regular inspection by the Canadian Ministry in Ontario to ensure the programme’s compliance with subject guidelines.

The main attraction in this programme is its flexibility where it allows students to choose a manageable number of subjects to be completed over one semester. Students then collect the number of subjects as they progress from one semester to the next till they pass a minimum of six subjects to graduate.

Upon successful completion of the course, students formally graduate with the Ontario Secondary School Diploma (ODDS), which allows students to pursue higher education in universities in Australia, Canada, New Zealand, United Kingdom, United States and also India.

Apart from the pre-university courses, Sunway College also offers twinning programmes with eight different universities namely Monash University, Flinders University, University of Western Australia and Victoria University of Technology in Australia; Leicester University and University of Greenwich in the United Kingdom; University of Waikato in New Zealand; and Western Michigan University in the United States of America.

Sunway College also caters students who wish to further their studies locally both on full-time and part-time basis.

For this, the college offers a range of professional and financial courses namely Bachelor of Law (External), Chartered Institute of Marketing (CIM), The Association of Business Executives (ABE), Diploma in Executive Secretariatship (DES), London Chamber of Commerce and Industry (LCCI), The Chartered Association of Certified Accountants (ACCA), The Chartered Institute of Management Accountants (CIMA) and The Institute of Chartered Secretaries and Administrators (ICSA).
