## Eco gift to WWF

SUNWAY College's Environment Caring Organisation (ECO) recently played a significant role in raising RM2,468 for the World Wide Fund of Malaysia (WWF).

The money was raised through the sales of souvenirs from WWF's Panda Shop. The money will go to WWF's environmental and wildlife conservation funds.

The members have also initiated a programme to recycle paper and aluminium cans. They have made and sold products from recycled-paper.

Instead of just learning about environmental problems and solutions in the classroom, ECO allows students to develop projects to address these issues.
