JENSEN LEE CHONG YONG OF Sunway College has every reason to smile as he receives the Datuk (Dr) Jeffrey Cheah Scholarship worth RM 4,000 from Datin Susan Cheah recently.

Jensen, who did his first year of Bachelor of Commerce as part of a twinning programme at Sunway College, will complete the last two years of the degree at University of Western Australia (UWA).

While at Sunway College, he obtained the distinction of being the top Mathematics student in a class of 176 from both UWA and Sunway College.

"Jensen has a rare ability to master new concepts and new subjects swiftly. His assignment solutions are always the shortest but awarded the highest score," says Moy Tow Yoon, lecturer for the Australian/New Zealand twinning degree programme.

"I am proud to say that each year, Sunway students have consistently done better in comparison to their Australian counterparts."

Eligibility for the scholastic award requires a full-time student to pursue either pre-university or university programmes. The selection is evaluated by a panel which comprises representatives of Sunway College and the SungeiWay Group.
