A PARENT'S PERSPECTIVE

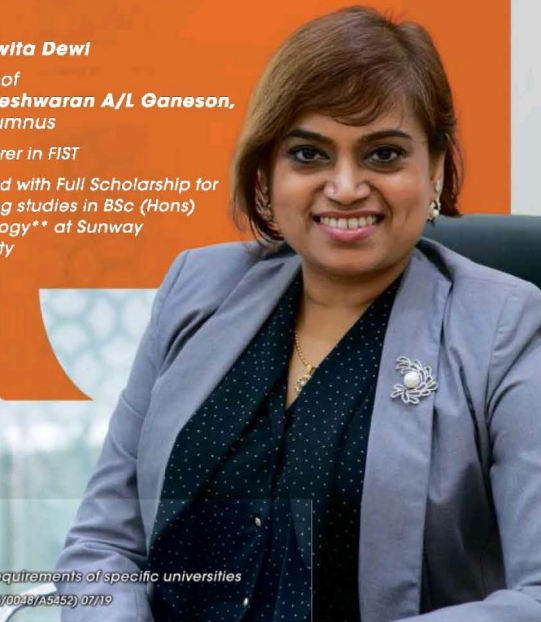

Enrolling my son into the Foundation in Science and Technology (FIST) Programme at Sunway College turned out to be a better decision than I had expected. Not only did he get a quality education experience, his passions and interests were fuelled greatly too. Meeting most of his lecturers also reinforced my trust in them, knowing that his future is in good hands with dedicated educators. All in all, my son's happiness is my happiness; he's happy with his educational pursuits, and I'm proud of his accomplishments in the programme. We look forward to his bright future from here on out!
